

# Electricity Camp 2024 Program

May 22-24, Banff, Alberta

The 3<sup>rd</sup> annual Electricity Camp continues the theme of bringing together leading researchers, policy makers and, industry practitioners to discuss pressing issues related to electricity markets.

This year's theme is "Getting to Net Zero", with the sessions focused on the challenges and solutions for electricity systems trying to decarbonize.

Camp will take place at the Banff Centre in Banff, Alberta, from May 22 - 24, 2024. Arrangements can be made for transportation from Calgary Airport to the Banff Centre.

Due to capacity limits and a desire to keep the event small to enable dialogue, attendance is limited. For inquiries about attending, please contact [Blake Shaffer](#) or [Sara Hastings-Simon](#).

## Wednesday, May 22
